

Compressed air lubricator boiler 22 kg

with inner diameter 300-335 mm, 3.5 m high pressure lubrication hose

Art.-No. 953010

Description

Compressed air lubricator, mobile 3.5 m high-pressure lubrication hose DN 6, connection thread R 1/4", compressed air unit, high-pressure lubrication gun with linear swivel joint and nozzle tube with 4-jaw hydraulic gripper mouthpiece, grease follower piston and dust protection cover, sturdy trolley

Technical Data

Weight: 16.675 KG

The information in this technical data sheet is based on general knowledge and possible applications. Strub + Co. AG is not liable for damage resulting from improper use of the products. The measurement and production tolerances customary in the industry apply to the characteristic data given. In general, no legal binding force can be derived from these data. Our products are subject to continuous further development. Therefore, Strub + Co. AG reserves the right to change all technical data in this data sheet at any time and without prior notice.
