

# pH indicator strips

Art.-No. 954064

---

## Description

These test strips contain special indicator dyes that are covalently bound to the reagent papers which are then adhered to the plastic strips.

- Non bleeding - do not contaminate the solution to be measured
- Quality assurance - tests are checked and calibrated against certified buffer solutions
- Wide and narrow pH ranges available

The information in this technical data sheet is based on general knowledge and possible applications. Strub + Co. AG is not liable for damage resulting from improper use of the products. The measurement and production tolerances customary in the industry apply to the characteristic data given. In general, no legal binding force can be derived from these data. Our products are subject to continuous further development. Therefore, Strub + Co. AG reserves the right to change all technical data in this data sheet at any time and without prior notice.
