

Small parts cleaner STRUB Clean Boy mobile

mobile - for flexible cleaning

Art.-No. 955070

Description

- easy assembly - very stable design
- ideal working height
- self-priming electric pump (230V / 3 - 5 l/min.) with built-in thermal protection
- Due to the short suction tube only clean detergent is sucked in, the dirt sinks to the bottom in the barrel.
- No suction hose, pump sucks directly
- no load on the back wall, pump is placed directly into the 2" bunghole
- Switching on and off only via the safety foot switch; prevents unintentional switching on of the pump
- always ready for immediate use
- Splash plates with sufficient height made of galvanized sheet steel
- 3mm perforated plate, so that even the smallest parts can be cleaned
- standard brush \varnothing 35 mm
- Hose made of high quality plastic (does not become hard!)
- High quality of workmanship, pump: Made in Germany, tub and side plates: Made in Switzerland

The information in this technical data sheet is based on general knowledge and possible applications. Strub + Co. AG is not liable for damage resulting from improper use of the products.
