

## Spout FLEX 5 / 10 lt

Flexible outlet pipe thread 51 - for 5 and 10 liter canisters

Art.-No. 951001

---

### Description

The discharge pipe serves as a practical accessory for 5 and 10 liter canisters with a 51 thread. It allows you to empty the canister cleanly. The flexible tube compensates for slight movements so that no drop misses when emptying the canister. The aeration tube ensures that the medium runs out evenly.

Please note: A filled canister with this canister cap must always be stored upright. The outlet tube is not 100% pressure-tight.

### Technical Data

Material	HDPE, food safe
Weight	39 g
Thread	51
Outlet pipe length	150 mm
Diameter of the outlet pipe outside	17 mm
Details	With ventilation tube and red protective cap
Color	Transparent, black
