

STRUB Synthetic Grease CSK 80 / CSK 80 B

Synthetic Calcium Sulfonate Complex Grease

Art.-No. 32679 / 33344

Description

STRUB Synthetic Grease CSK 80 is a synthetic multi-purpose, high-pressure and low-temperature grease for industry. STRUB Synthetic Grease CSK 80 B additionally contains a solid lubricant for emergency running properties and improved lubrication.

Application

For general lubrication points in industry.
Mechanical elements that operate at very low and/or high temperatures.

Features and advantages

- excellent low and high temperature behavior
- excellent corrosion protection even in aggressive environments
- very good oxidation resistance
- low oil precipitation
- high pressure resistance
- exceptionally good lubricating properties
