

STRUB Syntlube Transparent 38.3

Universal lubricant, transparent

Art.-No. 33734

Description

STRUB Syntlube Transparent 38.3 is a biodegradable synthetic lubricant that forms a transparent protective film and is effective in a temperature range from - 45°C to 160°C. The product is an amine-free, ecotoxicologically safe lubricant. It contains no additives of silicone or molybdenum disulfide. STRUB Syntlube Transparent 38.3 has excellent capillary action, penetrates into the pores of the metal surface and forms a non-measurable release film. It contains effective anti-corrosion, anti-wear and high pressure (EP) additives and is stable at high temperatures.

- Biodegradable according to European standard CEC-L-33-T-82 > 65 %.
- pronounced corrosion protection, infiltrates water
- high lubricity, as well as wear protection and EP properties
- can, if desired, be removed without residues using STRUB Monafix-T-Special aqueous alkaline cleaner (dilution 1 : 10 to 1 : 30), tri-perchloraethane.

Application

STRUB Syntlube Transparent 38.3 is suitable for lubrication of all moving parts, joints, bolts, chains, etc. under high vibration and shock loads; wherever a transparent, well adhering film is desired.

Technical data

Appearance	clear, yellow-brown liquid
Spec. wt. at 20°C	0.948 g/ml
Viscosity at 20°C	93.5 mm ² /s
at 40°C	38.3 mm ² /s
at 100°C	7.1 mm ² /s
VI	150
Flash point COC	230°C

Transportation

ADR/SDR No dangerous goods

Disposal

FVO VeVA / EAK 13 02 07
