

# STRUB Engine Oil Classic HD 30, HD 20W/50

Classic engine oil for classic cars

## Description

Modern multigrade engine oils damage your classic car. Therefore, weakly alloyed single-grade engine oils are used. The selected base oils and an additive, which are specially designed for classic car engines, ensure optimum engine lubrication.

## Application

For older gasoline and diesel engines at moderate speed where API SE, SD, SC/CD, CC engine oils are required (year/ approx.1955-1975). Please follow manufacturer's instructions.

## Features and advantages

- STRUB Engine Oil Classic are low-alloy engine oils with good corrosion and wear protection. Seals, bearings and rubber parts are not attacked, no shrinkage or swelling of the material possible.
- Temperature range: approx. - 5°C to + 35 °C / 20W/50 to + 45°C

## Specifications

API SE, SD, SC/CD, CC

## Technical data

| SAE             |                    | 30    | 20W/50 |
|-----------------|--------------------|-------|--------|
| Art. No.        |                    | 32379 | 31863  |
| Density at 20°C |                    | 0.890 | 0.894  |
| Viscosity 100°C | mm <sup>2</sup> /s | 12    | 17.8   |
| Flash point     | °C                 | 224   | 234    |
| Pour point      | °C                 | - 21  | - 21   |

## Transport

ADR/SDR: No dangerous goods

## Disposal

LVA VeVA / EAK: 13 02 08
