

# STRUB Partsynt 5W/40

Semi-synthetic fuel-efficient engine oil

Art. No. 30230

## Description

STRUB Partsynt 5W/40 is a fuel-saving semi-synthetic fuel-economy oil for gasoline and diesel engines, especially for diesel engines with pump-nozzle technology.

## Application

TDI engines in the models Passat, Bora, Golf for oil change intervals of 15000 km / year.  
 Is suitable for diesel engine pump nozzles without WIV (without change interval extension).

## Features and advantages

- more safety for sustained high protection of the engines within the maintenance intervals
- easy cold start and fuel saving
- excellent wear protection prolongs engine life
- new diesel technology for the increased requirements of DI diesel engines
- low oil consumption, resulting from low evaporation tendency
- high viscosity index and high pressure stability
- lower emissions due to fuel savings, a plus for the environment
