

STRUB Car shampoo with shine dryer

Art.-No. 30495

Description

STRUB car shampoo with shine dryer is a wash-active cleaner developed according to the latest SWISSTANDARD of ecology and economy with a synergistically acting mixture of components.

The novel composition allows the wide application of this product.

Application

For gentle cleaning of cars, buses and trucks. Proven excellent in automatic car washes as a pre-wash or shampoo. Use for washing the body by hand, with high-pressure washer or in car washes with and without fan.

For hand washing: 1 dl concentrate to 20 liters of water.
High pressure washer : 0.5 %
Car wash : 0.1 to 0.5 %

Gloss dryer for blower:

Application in automatic car washes with blower. Apply via the spray arc following the washing process.

Consumption: Adjust on the machine depending on the type of system. Can also be pre-diluted. Suitable for all equipment, very economical and highly efficient, dries without stains and gives the paint a durable high gloss, dirt repellent.

Features

Strub Car Shampoo with Gloss Dryer has excellent surface wetting with outstanding wetting and emulsifying properties at the lowest concentrations. Low foaming and excellent wash-out properties guarantee a flawless surface. STRUB Car Shampoo with Gloss Dryer is gentle to paintwork and anti-corrosive, and contains no hydrocarbons. After washing the car, the water film retracts evenly, leaving a shiny surface.

Safety note

In general, keep cleaning agents out of the reach of children.

Important notice:

STRUB car shampoo with shine dryer is biodegradable.

Hazard designations mentioned in the safety data sheet apply to the concentrated product. When used as directed in diluted form (concentration < 3 %), the product is not hazardous. In diluted form (concentration < 3 %) and after application (concentration < 3 %), the product can be disposed of in the sewage system without any problems.

Transport

ADR/SDR inapplicable

Disposal

LVA VeVA / EAK: 07 06 01

Toxicity

Harmful if swallowed.
