

# STRUB Triclean liquid

Universal metal degreaser / brake cleaner, 100 % VOC

Art.-No. 30518

---

## Description

STRUB Triclean liquid is a colorless mixture of solvents of different polarity. It is very suitable for degreasing as well as a cleaning agent (mostly used as a brake cleaner). STRUB Triclean liquid removes dirt, oil and gasoline residues, resins and soot deposits as well as all common contaminants on machines and their parts.

## Application

STRUB Triclean liquid can be used on all metals. Very suitable as carburetor and brake cleaner. STRUB Triclean liquid is used as supplied, undiluted. Apply the cleaner to the soiled metal surface and wipe off dirt after a short reaction time.

Use the cleaner only in well-ventilated workplaces, keep away from sources of ignition, do not smoke and wear solvent-resistant gloves. Please observe the safety instructions on the label and in the safety data sheet.

## Seal compatibility

Resistant is: Teflon  
Not resistant is: Viton

## Technical data

Density 20°C	g/cm <sup>3</sup>	0.770
Flash point	°C	< - 15

## Transport

UN-Code 1993  
ADR/SDR Cl. 3, packing group II

## Disposal

LVA VeVA / EAK: 14 06 03

## Toxicity

Hazard symbols F highly flammable  
XN Harmful to health

## Levies

VOC subject to 100%

The information in this technical data sheet is based on general knowledge and application possibilities. STRUB + Co. AG is not liable for damage resulting from improper use of the products. The industry-standard measurement and production tolerances apply to the specified characteristic. Generally, no legal binding can be derived from these data. Our products are subject to continuous further development. Therefore, STRUB + Co. AG reserves the right to change all technical data in this data sheet at any time and without prior notice.
