

STRUB Monafix Powder Metal Cleaner

For automatic washing tunnels, industry

Art.-No. 32013

Description

STRUB Monafix Powder Metal Cleaner is a water-miscible spray degreasing powder for all metals.

Application

The product used in the manufacturing industry universally for steel, aluminum, non-ferrous metals in spraying and dipping equipment. For cleaning and degreasing of cutting, non-cutting, honed, polished and ground parts.

STRUB Monafix Powder Metal Cleaner contains corrosion protection (during cleaning) so that copper, zinc (zinc die casting only limited) aluminum and magnesium are not attacked.

Features and advantages

- suitable for spray, nozzle, brush and immersion cleaning
- the powder dissolves at room temperature •
- best cleaning effect is achieved at approx. 50°C •
- foam-free
- high dirt absorption •
- after cleaning must be rinsed with water before surface finishing •
- short working time 1 5 min.
- energy reducing, because of lower cleaning temperatures •

Technical data

Appearance	Powder
Bulk density	~ 810g/l
Application temperature	50 - 80°C
Application concentration	5-30 g/l depending on degree of contamination
Neutralization	~ 12.6 kg H2SO4 (25%) in 1 kg powder
pH value	~ 12 in 1 % powder

Transport	
ADR/SDR	

No dangerous goods

Disposal

LVA VeVA / EAK:

06 06 05
