

STRUB Toba 30 V

Sanitary cleaner and lime remover for toilets and bathrooms

Art.-No. 30515

Description

STRUB Toba 30 V cleans, disinfects and removes limescale deposits and suppresses further calcification of the equipment. Leaves a pleasant smell.

Application

For toilet, bath, shower and WC facilities as well as swimming pools.

Spray or apply STRUB Toba 30 V to the objects to be cleaned. For bathtubs and showers dilute 1:10 with water. Allow to act for some time and then rinse with clean water. STRUB Toba 30 V acts independently, so no scrubbing is normally required.

If a white coating remains on tiles or in the joints, the lime has not yet been completely removed. The process must be repeated.

Be careful with sanitary ware, old bathtubs, marble and all types of artificial stone.
In this case, strongly dilute STRUB Toba 30 V and rinse very well with plenty of water.

Technica data

pH value (10% in dist. water)	~ 1.0
Color	rosa
Density	1.09 g / cm ³
Biodegradability (according to OECD 310E)	> 90 %

Transport

UN-Code 1760
ADR/SDR Cl. 8, packing group III

Disposal

LVA VeVA / EAK: 07 06 01
