# **STRUB Water softener PVM**

Prevents lime deposits in water, resp. high pressure cleaner

SS TRIBOLOGY

## Art.-No. 30628

## Description

STRUB Water Softener PVM is used to prevent the formation of scale and also to remove and dissolve already formed sediments. The advantage here is that the cleaning process and prevention takes place in a neutral or slightly alkaline medium. This eliminates corrosion problems that often occur with the usual acid cleaning.

STRUB Water Softener PVM can be used universally for any hardness in the water.

## Application

Especially suitable for hot water high pressure cleaning equipment. Manually or mechanically for baths, tanks, steam jets, closed piping systems, hot and chilled water systems, etc.

100 ml	bis	ca.	15°d Hardness per 1000 liters of fresh water
150 ml	ab	ca.	16°d Hardness per 1000 liters of fresh water

### Transport

ADR/SDR

No dangerous goods

Disposal

LVA VeVA / EAK:	06 03 14
